MOBILE TOUCH BANKING

Mobile Banking enables you to access your accounts and perform a variety of banking functions from the convenience of a mobile device, such as a cell phone or smart phone. There are three channels through which you can perform mobile banking:

- Text Message Banking
- Mobile Browser
- Downloadable APP

Touch Banking is a mobile banking application used to access your account information quickly and easily from your iPhone or Android. Use Touch banking to:

- Check account balances
- Review recent account activity
- Transfer money between accounts
- Find ATM and branch locations

REQUIREMENTS
If you choose to use Mobile Touch Banking you must **FIRST** enroll in **Internet (Online) Banking,** and have a mobile smartphone. If you have an older iPhone model, such as 2G or 3G, you will not be able to use Touchbanking. However, you may be able to use mobile browser or text messaging services. Once enrolled into Mobile Touch Banking, you can use your mobile device to view account balances, initiate fund transfers between accounts, view transaction history, and transaction details.
